

Government-funded VET Participation

Provider Type

- A total of 244,368 Queensland students participated in government-funded vocational education and training (VET) during 2023-24.
- Of all government-funded students in Queensland in 2023-24, 49.8 per cent studied at TAFE and other government providers and 52.3 per cent studied at Non-government providers.

| Provider Type | 2019-20 | 2020-21 | 2021-22 | 2022-23 | 2023-24 |
|-------------------------------------|----------------|----------------|----------------|----------------|----------------|
| TAFE and other government providers | 72,627 | 92,722 | 96,993 | 98,721 | 121,754 |
| Non-government providers | 144,054 | 147,801 | 135,013 | 130,355 | 127,845 |
| Queensland | 212,032 | 234,232 | 226,763 | 224,222 | 244,368 |

Notes:

- Data is for government-funded VET students only, which includes all students funded by government. School providers are excluded from government-funded reporting.
- All Queensland TAFE institutes, Central Queensland University, University of Queensland Skills, Queensland Agricultural College and Queensland College of Wine Tourism are classified as 'TAFE and other government providers'. All other providers are classified as 'Non-Government Providers'. Schools are excluded from government-funded reporting.
- A student is only counted if the student had at least one competency outcome (successful or otherwise) in the reporting period.
- Summing the students for each provider type may not equal the total. This is because individual students may study at government and non-government providers.
