#### **GENERAL**

#### FINALISING 2014-2015 FINANCIAL YEAR DATA (1)

The Department's payment database manages data flow for a number of funded programs by recognising training activity for each financial year. Agreements are then completed in line with the policy guiding each program.

In order to maximise payment made against training delivered, PQS must ensure that all data is submitted error free within the required timeframe specified. For PQS delivering training for:

#### 2010 -2016 User Choice Program

PQS have 90 days (until 30 September 2015) to submit error free data. Where errors relate to a student's Training Contract such as cancellations and amendments etc, PQS need to follow up with Apprenticeships Info on 1800 210 210.

#### 2014-2016 Queensland VET Investment

PQS have 30 days (until 31 July 2015) to submit error free data, which meets the AVETMIS Standard and all program rules as well as departmental validations for delivery and payment.

## COMMON ISSUES OF NON-COMPLIANCE FOUND AT AUDIT (2)

#### Assessment evidence

During the conduct of PQS audits, Market Quality often finds suppliers failing to retain sufficient evidence of compliance, particularly concerning assessment. The failures include not retaining copies of all completed assessments for each unit of competency, providing assessments which are unmarked, unsigned and/or unverified and assessments with little or no information on which the unit has been assessed and when.

Clause 9 of the PQS agreement is clear on what must be retained by the PQS and provided at audit.

## For User Choice activity it states:9. Records

- 9.1 The PQS must keep the following information and material for **6 years** from the end of the Term:
  - (a) Information and material necessary to provide a complete record of Training and Assessment including:
    - records of each student's participation in Training and Assessment for each Unit of Competency, including records of the commencement of educational content, attendance and progression;
    - (ii) evidence that the on-the-job training component has been achieved for each Unit of Competency for each student before the supplier claims payment of public funding in relation to the Unit of Competency;
    - (iii) evidence supporting the accuracy and validity of data included in reports provided by the PQS to the department, including Clause 5 including evidence supporting the start and end dates for each student for each Unit of Competency;......
  - (b) For each Unit of Competency, for each student:
    - the assessor's completed marking guide, criteria and observation checklists for the Unit of Competency; and
    - (ii) the completed assessment items for the Unit of Competency.

As a PQS it is your responsibility to ensure the retention of sufficient records of assessment and their provision at audit.

Key to understanding your obligations in this and other compliance matters are the program specific Evidence Guides produced by Market Quality. The types of evidence you are required to retain are clearly identified in these documents.

For example, the Evidence Guide (User Choice 2010-2015) states:

Formal assessment conducted by the Supplier must involve the evaluation and **retention** of a **sufficient range of assessment evidence** to enable a decision to be made regarding competence and must comply with the assessment guidelines and other requirements stated in the nationally endorsed training package.

The guides have been developed for your use and are designed to assist you in maintaining compliance and remove much of the stress that can be associated with compliance audits.

For more detailed information please refer to the relevant evidence guide:

These evidence guides must be read in conjunction with the relevant policy documents, which are available online at: <a href="http://training.qld.gov.au/training-organisations/pre-qualified-suppliers/pqs-contract-management/index.html">http://training.qld.gov.au/training-organisations/pre-qualified-suppliers/pqs-contract-management/index.html</a>

# LEGISLATION INTRODUCED TO REPEAL THE QUEENSLAND TRAINING ASSETS MANAGEMENT AUTHORITY (3)

A Bill recently introduced into the Queensland Parliament will see the Queensland Training Assets Management Authority (QTAMA) dissolved and stateowned training assets returned to the Department of Education and Training (DET).

The new arrangements for the ownership and management of state training assets will support the Government's objective to put the state's training assets to best use and ensure that facilities are available where they are needed.

DET will lead the development of a 10 year asset plan for the future use and management of training assets, and stakeholders will have the opportunity to provide input. DET will also undertake an audit of all training assets to assess their physical condition, as well as their use.

These reforms are part of the Government's broader election commitment to restore TAFE as the premier public provider of VET in Queensland. In line with this commitment, TAFE Queensland will receive priority access to state training assets at a subsidies rate. ### NOTIFICATION OF CHANGE TO PQS LEGAL ENTITY (4)

All PQS approved by the Department to deliver publicly funded training and assessment services within Queensland must obtain written consent from the Department prior to any change in legal entity and control of the PQS.

This approval includes changes to key personnel of the PQS. Key personnel can include, but is not limited to, Chief Executive Officer (CEO), Managing Director, Director, Manager or shareholders.

Notification of a Change to a Pre-qualified Supplier's Legal Entity Factsheet is now available to assist PQS to provide all paperwork pertaining to a change in legal entity and control. The link is available from <a href="http://training.qld.gov.au/resources/training-organisations/pdf/pqs-change-legal-entity-fact-sheet.pdf">http://training.qld.gov.au/resources/training-organisations/pdf/pqs-change-legal-entity-fact-sheet.pdf</a>.

Failure to notify the Department of your intention **WILL** result in funds being withheld until the Department provides consent or otherwise to the change in legal entity and control.

PQS need to submit the required information by email to Contract Management and Performance at supplier.management@dete.gld.gov.au

#### BREACH NOTICES FOR PQS AGREEMENTS (6)

Breach Notices are being issued to PQS when there is evidence that the terms of either the VET Pre-qualified Supplier Agreement, Pre-qualified Supplier Policy or departmental guidelines are not being adhered to.

Breach Notices are issued for a variety of reasons including, but not limited to:

- third party advertising
- advertising free training
- · false and misleading advertising; and
- offering inducements.

This month the Department has issued 5 Breach Notices to PQS and is currently waiting for PQS responses on how concerns will be addressed

#### ERROR OF THE MONTH – Reminder (7)

Error Fact Sheet No: 33014
Error Description - Multiple Claim - This Module/Unit of Competency has been claimed previously

#### **Explanation:**

The Module or Unit of Competency being claimed for this Participant has been claimed previously. This error can be caused by the following:

- 1. The Unit of Competency has already been claimed by another SRTO.
- 2. The Unit of Competency has already been claimed by the Provider.
- 3. The Provider has changed the Agreement Number, Training Schedule Line Number, the enrolment start and/or end date (User Choice only). When data is changed our system sees the Unit of Competency as being claimed twice until such time as the original payment is reversed. This is known as a 'false multiple'.

#### **Rectification Action:**

The Provider should recognise Statements of Attainment issued by another RTO and report the Unit of Competency as a credit transfer (60).

The Provider should ensure that the Unit of Competency has not been reported twice. If the Provider has identified that data has been changed please contact your Contract Manager to rectify the error. Please note

that if the Unit of Competency was claimed previously in a closed financial year the original payment cannot be reversed and the error cannot be rectified. The Provider should remove the duplicate Unit of Competency from their AVETMISS data.

**NOTE:** The Provider must ensure that they identify Units of Competency already completed by the Participant at the time of sign up. Credit transfers (60 outcomes) can then be reported for these units.

Where the change of qualification is for only one apprentice or trainee, an SRTO can facilitate this process. To alleviate any confusion in this regard, the form has had the following information added for clarity:

"An SRTO seeking to make a change of qualification for only one apprentice or trainee should complete SECTIONS 1, 2 and 4."
